

# The North Star Quilt Block

and Other Designs using  
Flying Geese units

The North Star is one of the oldest patchwork patterns in our country's history. The Flying Geese design is a traditional quilt pattern that evokes a flock of geese flying in a V-formation. In this class you will learn techniques for making Flying Geese quickly and accurately, and then use these units to piece the North Star quilt block. Use both these simple and eye-catching designs to complete your project as a pillow, a wall hanging or as part of a larger quilt. Construction of other quilt designs using Flying Geese will also be explored.

Preregistration is required. To register call: 518-327-6241.  
The Supply List is available upon registration.

Instructor: Karen LiVecchi

Saturday, October 18, 2014

Workshop Hours: 9:00 AM - 4:00 PM

Location: Paul Smiths College VIC

Cost: \$25.00
